

Dreams behind glass

The most sublime conservatories

-In this alluring book Karel Dierick, the CEO of Miniflat and Aldera and the president of the National Federation of Belgian Conservatory Builders, has assembled the best and most beautiful of his conservatories.

-It is an attractive and at the same time inspiring book, in which every project shows evidence of the ingenuity and creativity of designers, engineers, technical experts and even of interior and garden architects.

-Together they are forever striving to achieve *the closest to perfection*, helping to make a beautiful dream come true.
