

Piet Boon 2

-Piet Boon is the most successful Dutch architect/designer:

-His first book was an international bestseller, and in this publication, he shows us his new projects, including an astonishing apartment in the heart of New York

-Both styling and photography are overwhelming

-Piet Boon started his career as a carpenter. Now he is getting name and fame in the USA, where his projects regularly get the attention of numerous magazines. His style is known as the 'no nonsense Dutch style'. He also has a line of furniture: 'Piet Boon Zone'.
