Where is the cake? Thé Tjong-Khing

- ▶ Previously awarded title, selected as *'Best Picture Book of the Year'* by the International Children's Book Fair in Mexico City
- ▶ Already 40,000 copies sold in the Low Countries
- ▶ Rights sold to eleven countries!

Mr and Mrs Dog's cake has been stolen, but there are more things happening and more things to see. Why is Baby Bunny crying? Where is the missing duck? And can you find the chameleon?

Thé Tjong-Khing created an exciting and colourful quest. His funny pictures lead you across mountains and forests. Look closely and find out the story of the different characters.

Thé Tjong-Khing was born in Java (Indonesia) but finished his studies in the Netherlands. He started his career as a cartoon artist, but later on he focused on children's books. Khing is now one of our most famous illustrators. He received a

'Gouden Penseel' – a prestigious award for illustrators - for his illustrations in *The dictionary of Fox and Hare*. *Where is the cake?* was awarded with a *'Woutertje Pieterse'* Prize and a *'Zilveren Penseel'*.

Passages from the jury report:

'Thé's qualities: a good eye for details, a precise drawing pen and a warm sense of humour.'

'The illustrator's work is often awarded in combination with the author's contribution. That is not the case this time. The book can do without words, the reader doesn't miss them. Over time children will discover more of the creator's jokes than their parents.'
