## Otto drives back and forth

### Tom Schamp

- ▶ Original 'circular' board book: start reading at the bottom of the first page and turn the book upside down at the end to finish the story
- ▶ Attractive and fun
- ▶ With illustrations by an internationally renowned talent

In the morning Otto leaves home with his father. He returns in the evening after a long day on the road. It's a day full of exciting things to see: the highway, an intersection, the city, ...

With hundreds of cars in all sizes and colours, this book will certainly appeal to boys, small and big, but girls too will find the colourful maze a joy to look at.

*'The lack of text makes room for wonderful illustrations, each one telling its own story. Witty associations and hundreds of detailed and colourful images really spice up this book.'*  
– De Morgen
